

Our Monthly Newsletter

Thank you for taking the time to read this newsletter. We hope you find the content interesting. All back issues can be located at www.brundallpetandgardencentre.co.uk.

Click and Collect

As you know we have completely run out of spare space in the shop but we are determined that this will not prevent us from finding ways to expand our product range.

Working with the Home Hardware buying group we are delighted to introduce to you the concept of Click and Collect.

Home Hardware supplies literally thousands of products and all of these are accessible to us a local shop. The difficulty for us is that we cannot display the entire range. **However, the full catalogue of Home Hardware products is now available to view on-line.**

Simply follow the link on our website and you will be searching through these

products in no time. You will see that many of the products can only be ordered in store. This will help us to ensure that the right product is selected to meet your requirements and our staff will be able to answer any questions you may have.

During the year Home Hardware run many different promotions. Some of these we run in store, but space does limit us to the number of these promotions that we can handle. With Click and Collect all of these promotion products are available to you to order and purchase on-line.

Once you have made your selection, simply pay on-line, specify Brundall Home Hardware as your collection point and your goods will be

dispatched directly to us.

We will call you once they arrive and you just pop in store to collect. Very simple!

This is a great way to take advantage of all of the Home Hardware promotions whilst supporting us at Brundall Home Hardware.

Christmas Brochure in stock now.

Newsletter November 2014

Novelty Cookware

We've been busy running our cookware promotion for the past month and these special offers will continue until the end of the year.

To support the cookware offering we have introduced a new stand of products from a cookware company called Eddingtons. It's the strange looking stand with lots of floating buckets. These contain unusual looking peelers, vegetable brushes, garlic skin removers etc. All worth a look at very sensible prices.

Ideal stocking fillers!!!

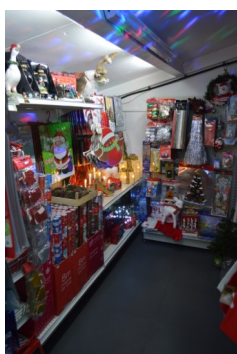

Diary Date

**The Gift of Christmas event will be held at Brundall Home Hardware on Saturday 20th December between 11am and 3pm.
Reindeer and Santa**

Christmas Grotto

We've set up our Christmas Grotto. Well that's what we call the area where we have located some of our Christmas essentials.

Lots of new products this year and many old favourites such as gift wrap, gift bags and gift tags.

Here you will also find cake

boards, pudding bowls and crackers. In fact we have hundred of Christmas lines so hopefully you will find in store everything you are looking for.

Christmas is coming!

For regular tips and product information see both our facebook page and blog post on our main web site.

Andrew's Top Tip — Buy Bar Keepers Friend

For years we have been selling a product called Bar Keepers Friend and only recently have we tried this at home. We have a composite resin sink and with age the protective coating has worn off. This meant that the sink unfortunately gained a rust stain. It was all too obvious and made the sink look unclean.

To say I tried everything to shift it, including bottles of bleach, is an understatement. Alison suggested we tried Bar Keepers Friend and with a little bit of effort the sink was restored.

We have now discovered just how great this product is at removing a variety of marks and stains around the kitchen and home. It's particularly effective on tea and coffee stains and can be used to remove scum and limescale marks on a wide variety of surfaces.

We sell a 250g container of Bar Keepers Friend for just £1.99. It's really worth keeping a bottle of this for some of those troublesome stains.

An all round great cleaning product!

Construction Work

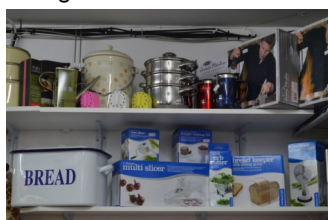

One of the best things about working in a hardware store is that you have a wealth of material on hand to make little improvements.

For example just take a look above your head next time you walk into the top part of the shop. We have installed a number of shelves above the card stands and decorated these with many items from our cookware range. Not only does it give us more display space but we think it makes the shop feel a little more homely. We do hope you like this change.

We have also been busy in the garden centre having constructed two covers to go over both our solid fuel and salt products.

For sometime we have been unhappy with selling coal in wet bags and salt in bags which have been weathered. Now this problem has been resolved. Again we hope that this means that our products reach you in better condition.

October Winner

We are delighted to announce that Helen King is the winner of our September goodie bag.

Helen has won a selection of wild bird feeding products.

If you would like to be in with a chance of winning a prize just follow us on facebook or subscribe to our email newsletter.

Soggy Pastry

Do you have a problem with soggy pastry? Well you won't in future with the new range of bakeware from Kitchen Craft.

They've introduced a bakeware range full of holes!

This means that your pastry will cook better and the hot air in your oven is able to reach more of the pastry. So hey presto no more soggy pastry.

We expect the mince pie tins to be a favourite in the run up to Christmas. We've a good selection of quiche and bread tins in stock too.
