Gift of Christmas

The Gift of Christmas comes to Brundall Home Hardware

They say, do something more than once and it becomes a tradition. This Christmas will be the 9th year that we have held the event. Where has the time gone?

As is our custom the event will be provided free of charge to all visitors, a visit to Father Christmas, the delightful reindeers, a free raffle and a good selection of daft games and activities. Add to this the support of the Rev Peter Leech and his team from St Laurence Church providing the

refreshments and this day becomes something worth a visit.

However, please do come armed with some cash in your pocket. Whilst the event is free we will encourage you to think about making a donation to support the work of the Vidiyal Trust. This Brundall based charity supports street children and elderly ladies in India. Every penny donated will go directly to support the work of this excellent cause.

To make things even more special next year a group of Brundall youths will be visiting the charity in India

and helping with it's work. Last year your donations amounted to £658. Can we beat this target this year?

Special thanks to the Acle and Brundall Lions and all those unsung helpers who turn out to assist in making this event special. It's what village life is all about.

So now is the time to put a date in your diary. We look forward to welcoming you on the 20th December between 11am and 3pm. Great fun for all members of the family. Please give generously to support the work of the Vidiyal Trust.

Christmas Trees

OK so you can drive around and see signs everywhere advertising Christmas trees.

So why buy from us? We already have an order book of pre-orders from existing satisfied customers, particularly for our Nordmann cut trees. As for the potted trees these are of an outstanding quality and cannot generally be found elsewhere. Many potted trees

survive from year to year providing you look after them. So this gives you the chance to enjoy your purchase long after Christmas is over. Just give plenty of water and do not place too close to a source of heat.

Nordmann trees have minimal needle drop if any. So no mess!!!

Andrew's Top Tips for Christmas

- Keep your real Christmas tree in tip top condition by keeping it away from a source of heat and watering it every day. Choose a variety such as our Nordmann trees to prevent needle drop.
- Christmas wreaths. If you want a wreath that will last make sure that the base is full of foliage or has a moss backing. This will ensure that water is retained and that your wreath will keep its appearance throughout the Christmas season. Natural materials on a wreath looks better than plastic flowers found on cheaper wreaths. Lots of holly will turn brown quite quickly. We prefer a blue spruce backing. Looks posh too!
- Paper Christmas table cloths are an elegant way to dress a table. They are also easy to scoop up all of the table rubbish, napkins, crackers etc at the end of your festive meal. Great wrapping paper for the very large parcel.
- Prepare for the arrival of the in-laws. The Rug Doctor carpet cleaning system is always popular in the run up to Christmas. Book early!
- Clean the family silver. See the blog on our web-site for a truly amazing way to do this without any effort at all.
- We very often hear customers say that they have chased all round Norwich looking for a gift or card only to find it in their local store. So perhaps save yourself time and money and take a good look round Brundall Home Hardware to see what we have on offer this Christmas. Budgens also have some great offers on wines and chocolates. So shop local in Brundall this Christmas!
