## Christmas just around the corner!

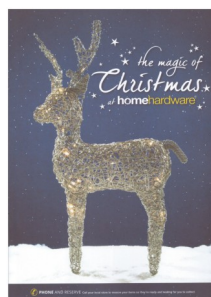

### Have you taken a good look round the shop lately. It's started to go all Christmassy!

Over the past few weeks we have been putting on display all sorts of goodies for the festive season. We have given Christmas at Brundall Home Hardware a completely new feel this year with lots of new lines.

Our Christmas card offering has been enhanced by a wonderful new range of cards from Johnny Javelin. There is a wide range of titles covering pretty much every conceivable relative. We also have three different Christmas promotions running between now and the big day.

Our Toolbank promotion includes some fantastic tools, torches and giftware for the DIY enthusiast and professional tradesman.

The Magic of Christmas is a promotion which includes a wide range of essentials including artificial trees,

decorations and wrapping.

At the end of November our main Christmas brochure will be delivered to 10,000 homes in and around the surrounding villages.

Add to all of this the new range of seasonal giftware including a special selection of jewellery.

Yankee Candle needs a mention at this point. We have a number of sought after Yankee gift sets. These represent excellent value and make a perfect gift.

At the end of November we will see the delivery of our high quality cut and potted Christmas trees. Come and see these early. Book your tree and we will keep it safe and in tip top condition for delivery nearer Christmas.

Oh and don't forget our annual Christmas event on 19th December. The tenth anniversary event with a few extra special attractions.

Phew! Lots going on. So please do put Brundall Home Hardware on your Christmas shopping list.

## Yankee Candle—Candle of the Month

Last month our candle of the month proved very popular. Only a few items left at the end of the month.

Two new scents on display from the 1st November. So please come in and take a look at Cranberry Ice and Christmas Garland. We've

started to make up little wrapped Yankee Candle gifts. Votives and melts in gift presentation. Perfect stocking fillers!

## Newsletter November 2015

### Diary Dates

Gift of Christmas Event

19th December

11am to 3pm

### Batteries

At this time of year we have a number of special offers on batteries. Ideal for all of those Christmas gifts.

These offers are only available in the run up to Christmas so please stock up and save yourself money.

We are offering 16 Lighthouse alkaline batteries and a battery tester for just £4.99.

Don't forget to recycle your old batteries in store.

### Unusual Items in Store

We frequently hear customers tell us that they have tried everywhere for an item only to find it here at Brundall Home Hardware.

Some of our more unusual lines includes replacement bikini buckles and water butt washers.

Go on give us a try for that hard to find item!

### Andrew's top tips. Don't call out pest control.

**We've arrived at the time of year when some unwanted guests are keen to get indoors to find a warm home for the Winter. To help with pest control we've improved our range.**

STV is a Norfolk company specialising in pest control. Their mouse and rat control range operates under the name Big Cheese.

Whilst we are not keen on advocating killing little furry things we do realise that pests in the home need to be controlled and our expanded range will provide all the necessary measures. Big Cheese includes a selection of traditional and modern pre-baited traps. Easy to set and quick in action. Prices to suit every budget.

The poisons range includes baited pasta trays, weather proof bait blocks which can be used in bait boxes, and grain baits. If you wish to take a more humane approach we have a selection of live capture traps. (Please check these regularly when set. The shock at being caught in a trap can kill mice etc).

It is worth noting that during the past year regulation has seen the withdrawal of some of the traditional poisons from the market. The current range is designed to minimise the accidental poisoning of other animals.

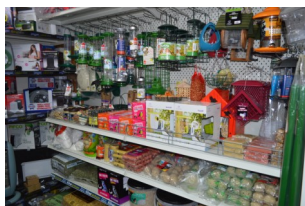

So our top tip this month is quite simply. At Brundall Home Hardware we have a range of affordable pest control products which will mean you do not need to spend money on calling out the professionals.

## Wild Bird Food

**Take delight in feeding our feathered friends.**

You may have noticed that we have made some changes to the display of bird food products in store. Gone are some tatty old display stands to be replaced by a redesigned range of bird care products.

Our selection of bird feeders have been improved with some innovative designs from Red Barn. We particularly like the feeders

which can be strapped to a down-pipe. Bringing your bird feeding right up to the house.

We've enhanced the selection of bird treats and the new way of selling suet pellets has proved really popular. Everyone likes "pick n mix".

We continue to carry a good selection of different types of bird food. Increasingly we are seeing customers preferring our Robin and Songbird mix. No Wheat mixes are also popular with the discerning customer.

Not sure how to start feeding birds. Our staff will be pleased to assist.

## Winter's Coming

**OK. We can't display all of our products. But we do have all your essential winter fuel supplies.**

**In the garden centre you will find a good supply of traditional house coal, smokeless fuel, logs and kindling.**

**Our 25kg bags of solid fuel represent excellent value.**

**Add to this that we are your local supplier of Calor Gas.**

**In the poly tunnel you will find a range of fireside accessories. Can't see what you are looking for then ask staff for a copy of our fireside catalogue.**

## Follow us on-line

If you would like to know more about what's happening in store and locally why not follow us on-line.

396 people follow us on facebook and they receive lots of additional information about products and services in store. Similar numbers regularly receive our twitter feeds.

Not into social media—our web site contains lots of useful information. Take a look at the blog. You will also find a live feed to facebook so you can see the latest news directly from our web site.
