## A Splash of Colour

**We have stocked Johnstones paints for years.**

Did you know that Johnstones paints are one of the oldest paint brands surviving in this country? But sadly not many people have heard of the range as other brands have a much higher advertising presence. This means that customers miss out on a reasonably priced quality product which include many speciality paints throughout the range. In store we keep the main emulsion colours and a selection of gloss and quick dry satin paints for woodwork and metal surfaces. This means that our customers can call in store, pick up paint and get on

with the job. However, sometimes customers are looking for something slightly different. To help with this we now have in store a new colour card with hundreds of different colours. We can have these made specially for you. It takes just a day or so and we can arrange for a can of paint to be in store for you to collect. With this service you get a high quality paint and the colour of your choice. So next time you are thinking about decorating please do give us a thought at Brundall Home Hardware. We can provide so much more choice.

**We've also taken delivery of a new range of garden woodstains from Ronseal.** These woodstains come in a range of attractive colours ideal for painting your sheds, fences and other garden wood products. The best bit! This will provide quality coverage for 5 years. So no need to paint your garden every year or so. More time to put your feet up.

Priced at just £9.99.

### Basket Plants

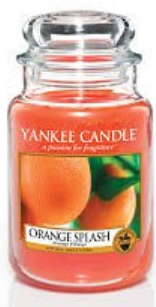

Bedding and basket plants now in stock. If you would like us to make up your hanging baskets for you. Please drop your basket into us and we will fill it with plants and have it ready for collection when in full bloom. We only charge for the plants and materials at our normal retail price. No charge is made for filling the basket and keeping it for collection.

### Goodbye to Ants

One of our best selling product ranges over the next couple of months will be ant killers. They manage to get in everywhere and we can be assured that one customer after another will come in for a solution to this annual problem. There are a number of effective treatments so please don't think you can only use the traditional and very messy ant powder. Speak to staff for more advice.

## Yankee Candle—Candle of the Month

**25% off the RRP**  
Our two May scents will be on sale from Tuesday 2nd May

## Andrew's Top Tips - Methylated Spirits

**Methylated Spirits is my favourite cleaning product around the shop.** Every time I use it there are howls of protest from my colleagues about the smell as once again I am using it to clean up some part of the shop.

Methylated spirit is also known as denatured alcohol and is coloured and flavoured to prevent it from accidentally being consumed. But do you know what it can be used for apart from cleaning paint brushes?

A great cleaner for removing stubborn marks on hard surfaces. Also used neat it can remove sticky substances such as the glue residue left by shop price labels, sticky tape etc (Use on hard surfaces only). I use it to remove marks from the counter, cat footprints from our feed bins and tea stains from the window behind the till. (There's always a cup of tea there).

It can also be used as a fuel in specially designed steamers. I have a fish steamer at home which smokes fish perfectly with just a few ml of methylated spirits.

Want a cheap way to clean windows. Mix 50/50 with water, spray on your glass and wipe off with kitchen towel.

It can even be used neat to help kill and remove black mould which appears around damp window frames.

As a general household cleaner mix 50/50 with warm water and it can be used to clean bathroom and kitchen surfaces.

Not bad for a product which only costs £2.50 for a 500ml bottle.

## Electrical Goods

At Brundall Home Hardware we've always stocked a range of electrical fittings, light bulbs, hoover bags and electrical appliances.

However, due to space we find it difficult to display all of the items we carry in stock. Many of our specialty light bulbs are kept in our stock rooms so please do speak to staff who will be pleased to assist.

In store you will find a

## Russell Hobbs

selection of toasters, kettles, irons and other small kitchen appliances from all of the leading brands such as Russell Hobbs and Kenwood. We tend to buy these products when they are on special offer from our suppliers so you can be assured of real local value.

Many customers are also delighted to discover that we keep a wide range of the unusual battery sizes. We will even fit a new button cell battery in your watch. (Some specialist watches need their batteries changed at the jeweler).

## Coffee Shop

### Voucher

Spend £20 in store on gardening products, plants, pots, compost etc and we will give you a voucher for a free cup of tea or coffee to be used in Brundall Coffee Shop.

Have a drink on us!

## Coin Exchange

Brundall Post Office are no longer in a position to exchange coins.

However, as a small shop we always need a steady supply of change so the Post Office have kindly directed customers in our direction.

We are pleased to assist our customers by exchanging bags of coin for notes. However, we are not set up for this on a large scale so we are only able to exchange small quantities at a time. We can also only exchange full bags of coin of the same denomination. For example a bag of £1.00 coins should contain £20.00.

*We may need to review our ability to offer this service.*
