Visit Brundall Web Site

Did you know that Brundall has its very own web site? become a little out of date and perhaps not as relevant as it should be.

Visit Brundall is the place to go on-line to find out what's happening in Brundall. Special offers from your local shops, details of village events and clubs, and general news from around the village.

The site was established by Ingenuity in Business, a business group operating in the village. The site has been running for a couple of years and to be honest it has been in need of a little refresh. Some of the information on the site had

We are pleased to announce that a villager, Rosalyn Taylor has volunteered her services to try and help improve the site and the associated facebook pages.

To help in this task we are keen to receive news stories about events happening in the village, pictures from events that have happened and short reports which may be of interest to the village.

If you run a local club or event why not send us some information about what you do and we will get this

published for you.

If you wish to send us news and information please either send it via email the address on the reverse of this newsletter or to the special post box which you will now find at Brundall Home Hardware.

If you live outside the village and run a club or event we will be pleased to publish details. Anything that may have a local interest.

Please help us to make the Visit Brundall web site a success.

Newsletter June 2016

Delivery Day

We're always on the go at Brundall Home Hardware and Tuesday our main delivery day is one of the most hectic. In fact we salute our colleagues who regularly unload, unpack, price and place on the shelves several pallet loads of stock during the course of the day. Whilst undertaking the most important task of all—serving customers.

Tuesday 24th May was a particular challenge. Two pallets of pet food from Su-Bridge, our main pet food supplier, one pallet from Vital another pet food supplier. Three pallets from Home Hardware and to cap it all two huge pallets of toiletries from Rayburn Trading. All 4 deliveries turned up in Links Ave at the same time. Apologies for the congestion.

Oh and a number of smaller stock deliveries arriving for good measure. Most of the stock packed away by the end of the day by a team of enthusiastic but tired staff.

We lost count of the number of cups of tea consumed during the day. Some of them were even consumed whilst still hot!

Andrew's Top Tips - Flea Control

Great news for all dog and cat owners. We are heading straight into the flea season, where the warm weather and sunny days will be a real boost to those unwanted visitors.

At Brundall Home Hardware we have always stocked a range of household treatments for fleas on soft furnishings and carpets. Did you know that only 5% of the fleas in a home live on your pet. The rest are in your carpet and on your soft furniture. A household spray such as Johnson's 4Fleas Household Spray is a great way to help bring a problem under control and provide lasting protection. (We carry a number of different products in stock).

But what about the 5% of fleas which live on your pets. There are a number of veterinary prescribed products which we are not allowed to sell without a special license. They can also be expensive. However, we are delighted to tell you that new this year we have started to stock a product called FIPROtec. This is a spot on treatment containing Fipronil, which is a well known active ingredient designed to kill fleas and ticks on cats and dogs. The good news is that this is a cost effective way of treating this problem and can be obtained locally at Brundall Home Hardware.

Not keen on the chemical solution to flea treatment. We also carry a range of flea combs and flea traps.

Start protecting your pet now for a comfortable summer.

Computer and Phone Equipment

Having created a new display for our electrical products we thought we should expand the range.

Many customers call in looking for power leads etc for their mobile phones. We have the most popular leads and chargers for a wide range of devices.

We also stock back up battery chargers. Ideal to carry in your pocket or

handbag for when your device needs an emergency charge.

To enhance the range we now stock replacement keyboards and computer mice.

Electrical screen wipes are popular as a way of keeping your device clean and free from finger marks. We also have a number of customers who purchase copy paper from us. We only sell quality paper and this can be found in our stationery section priced at just £6.99.

Other incidental lines include, telephone extension cables and kits, broadband filters and audio leads.

Sugar Free

A new range of sugar free sweets and chocolate now in stock.

Only £1.00 a packet.

Car Care

We have a small but well stocked area of car care products, including cleaning material, leathers, wax, polishes, foot pumps, electric pumps, screen wash, and car fuses. Oh and don't forget the Yankee Candle car air fresheners.
