## A few changes around the village.

**Many of us may have been away on holiday but we cannot fail to have noticed the changes taking place around the village.**

For a start we can welcome the new Co-op store on the site of the former Ford garage. Initial indications suggest that this will be a high quality store offering a range of groceries. It's good to see the regeneration and new employment opportunities within the village.

Then news reaches us that we will have a second Co-op on the site of the former Budgen's store. Budgen's have been within Brundall for many years and were already trading before we arrived in the village. I am sure that the change will benefit the village as we will be given the choice of shopping at two supermarkets.

I would personally like to express my gratitude to Jinx Hundall for the service he and his staff have given the village over the years. Jinx has also been an active player in our business group, Ingenuity in Business. I am grateful for his participation and friendship over the years. From all at Brundall Home Hardware we wish Jinx and his family every success in the future.

We understand that Budgens will close at the beginning of September to facilitate the refurbishment. The Post Office will remain open during this time.

I suspect that the presence of two high quality food stores in Brundall will make this village an attractive stopping off point for visitors from surrounding villages. Brundall boasts a wide range of services from

food stores, a chemist, opticians, dry cleaners, Brundall Clinic, coffee shops, takeaway restaurants, hair / beauty salons, and of course an award winning hardware store!!! (Plus lots of further amenities).

At Brundall Home Hardware we look forward to continuing to welcome customers old and new. Also hoping for a few new visitors who may just discover what's available in store.

## Newsletter September 2016

### A degree of inevitability.

No sooner has all the fuss about Brexit started to die down then letters start dropping onto my desk.

These letters are from a number of national product suppliers who have given notification that there will soon be a number of price increases.

They mainly site exchange rate difficulties making the cost of raw materials more expensive. These suppliers are not exclusive to Brundall Home Hardware. They supply products nationally to a wide range of retailers.

We will do our best to keep our prices competitive but I anticipate this trend to continue over the next few months. The good news is that we have a number of promotions scheduled to take place between now and Christmas. The prices for these have been agreed with suppliers before Brexit so you can be assured that you will be receiving the very best value on promotional lines.

Look out for our Autumn promotion dropping through your letterbox soon.

## Yankee Candle—Candle(s) of the Month

### Andrew's Top Tips - Restore old furniture.

Rust-oleum Chalky Finish Furniture Paint is a fantastic way to bring an old piece of furniture back to life.

So why not renovate and transform furniture with this chalky finish furniture paint. With a classic smooth touch, flat matt finish, it brings a new lease of life to tired, worn-out objects. ( Perhaps I could do with a coat of this?) This paint can be used directly onto bare or painted wood, brick, stone, plaster or any suitable primed or rigid surface. This includes metal and plastic. It is not necessary to use a primer on most surfaces.

These days many of our favorite designers are encouraging the shabby or worn look and these paints will help to create the design you are looking for at a fraction of the cost. The good news is that this product is currently on promotion at Brundall Home Hardware. Now reduced to £11.99 for 750ml. (A well known DIY store was selling this for £13.94 on-line on 30/08/16). The surface can be finished with a wax treatment at an additional cost of £9.99 for 400ml. Chalky Paint is supplied in a range of contemporary colours.

Also don't forget that the range of Ronseal garden paint is an ideal solution for bringing colour to a wide range of projects. It's not just useful in the garden but can also be used for a wide range of indoor projects. Great for bringing a kaleidoscope of colour to a child's bedroom.

## Highly Recommended

### A New Kitchen

Every so often we find ourselves impressed by the services of local tradesmen.

Recently we decided our kitchen needed a little refurbishment. The main structure of the kitchen was sound but the doors were very tired. The kitchen just needed a refresh without a full replacement.

We discovered a local company in North Burlingham who visited and quoted for replacement doors and some modifications. We were delighted with the price so commissioned the

work.

All we can say is that Furniture Finishers made an excellent job. We basically have a new kitchen which looks better than the original. Furniture Finishers will also undertake complete kitchen installations.

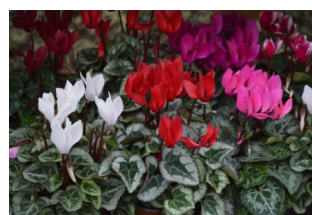

We are delighted to recommend their services, pricing and quality of care in respect of the work they undertake.

They can be contacted on:  
01603 928 010.

### Winter Pansies

Winter Pansies, Violas, Sweet Williams and Cyclamens now in stock. Great for winter colour but also ideal at this time of year to fill holes in your summer displays.

### Dog Treats

#### Has your best friend tried our new dog treats yet?

These new treats are 100% pure meat and offer an excellent natural treat for your pet. Lots of different flavours to try from Kangaroo to Salmon. Oh, and the very popular venison.

No additives,  
no preservatives.  
Grain and gluten free.
