

December 2016

Wishing all of our customers a Merry Christmas and a Happy New Year.

Thank you for your friendship and custom throughout 2016.

Opening Hours

Christmas Eve 8.30am to 2pm

We reopen at 8.30am on 28th December. Closing at 5pm during the week.

New Years Eve 8.30am to 4pm. We reopen at 8.30am on 3rd January 2017.

News in Brief

- Christmas lights are on display in the garden centre. Sorry, now almost impossible to obtain replacement Christmas bulbs.
- Carpet cleaner hire available from just £22.99. Perfect for getting the home ready for visitors and cleaning up after parties.
- Lots of gift wrap, sticky tapes, bows and ribbon in stock. "Thank you" notes to express your gratitude.

The Gift of Christmas

One again it's time for The Gift of Christmas at Brundall Home Hardware. Where has this year gone?

All the fun kicks off at 11am on Saturday 17th December in the Garden Centre at Brundall Home Hardware (finishing at 3pm). As usual we will be pleased to welcome Father Christmas and his real reindeer. Visits to Father Christmas are free and each child will receive a small gift.

We are supported by St Laurence Church who kindly provide refreshments. Also members of the village who help with the decorations and face painting.

All of the attractions at this event are offered

free of charge. It's our way of marking the very special Christmas message, which is given freely to us all. However, if you would like to make a donation on the day this will be very much appreciated. Every penny donated goes towards the work of the Vidiyal Trust, which supports street children and older ladies in India. This cause is very dear to our hearts and we have been delighted to support the Rev Pat Atkinson in her work. Over the years your donations have helped make a real difference to those less fortunate than ourselves. It's another way of expressing that special "Gift of Christmas" message.

Alongside this event the Scouts will be holding a fundraising event at the Memorial Hall. Lots of seasonal treats to tempt you. So if you're wondering what to do on the 17th December — there's only one place to be. **Brundall !!!**

Yankee Candle — Candle of the Month

Every month we have two scents of Yankee Candle which we offer to you at a special 25% discount off the RRP. This is a massive saving on your Yankee Candle purchases. Yankee Candles make an excellent Christmas present so start saving today.

Co-op

We are delighted to welcome the Co-op to the central part of Brundall Village. Great to also have our Post Office back in operation.

This new store is looking really good and it is fantastic to see this level of investment taking place in the village.

Wishing the Co-op every success in Brundall

Don't forget us this Christmas

Our feathered friends are always grateful to all of us who take delight in feeding the birds in our gardens.

We have a wide selection of feeds in store to help with this hobby. Including a variety of feeders and specialist seed mixes designed to attract many different bird species to your garden.

Our most popular mix is Robin and Songbird at £2.75 per kg or £19.99 for a 12.75kg sack. On a budget, try our Premium mix at £1.40 per kg or £15.99 for a 20kg sack.

Have you tried our "pick and mix" shredded suet? This is just £3.50

per kg. Insect and mealworm are the most popular choices.

Not sure where to start with bird feeding? Then ask a member of staff who will be pleased to talk you through the products on offer.

Christmas Trees

Our Christmas trees are now in stock and waiting to find a special home for the Christmas season.

Over the past few years we have received real interest in our trees with many customers now placing their order early.

The potted 3' and 4' trees are grown in Norfolk by our main plant supplier. They are field grown and then placed into the container. Keep away from a source of heat and keep watered and your tree will look fresh throughout the Christmas season. Many customers have successfully planted their tree in the garden after Christmas. Whilst we believe this is possible

we are unable to make any promises that your tree will survive. Smaller trees are grown in the pot and have every chance of being grown on.

We also carry a range of cut Nordmann trees. These are sourced in Holland and should not have any major needle drop over Christmas. When you get your tree home, remove the bottom 30mm from the tree stump and place in a stand through which you can water the tree. Avoid placing near a source of heat. This should help keep your tree in excellent condition.

Order your tree now and we will deliver it when required.

Christmas trees now in stock.

Boys Toys

Lots of tools, torches, electrical goods, power drills, and all manner of gifts for the man (or woman) in your life.

Forgotten something for Christmas

We're realistic to the fact that your local Hardware store may not be your first port of call for Christmas shopping. But every year we seem to manage to amaze customers with what we have in stock when they have searched everywhere for that illusive Christmas item. The other benefit from shopping locally, no parking charges and no on-line delivery costs. The shop is packed with seasonal offers and all manner of last minute "must haves". Special thanks to those who have supported us well during this Christmas season.
