

The winter weather has been a little more severe this year. This means that we are all requiring extra screen wash and de-icer.

As you would expect we carry stocks of these items.

Car looking a little grotty. We stock a range of car cleaning products and shampoos.

Perhaps it's time I took my own advice and cleaned my rather dirty looking car and van. Perhaps not :)

News in Brief

- Postal boxes, jiffy bags and envelopes now stocked.
- Seed potatoes and onion sets ready for planting.
- Helium balloons for every occasion for only £3.49.
- The annual stock take is now complete. Yipee!!!

A little bit of Spring Colour ...

Had enough of the cold dark winter months? Well the good news is that at last there is a little bit of Spring colour.

For the past few years we have been buying some wonderful cut daffodils from Cornwall. We use a company called Fentogollen Farm and we have been delighted with the quality of their flowers and the variety

of colours that we can purchase. At the moment our prices are £1.25 a bunch or three bunches for £3.00. (The most popular option). Prices will reduce during the coming weeks as the supply of flowers improves.

In the garden centre we already have a selection of hybrid primroses, natural

primroses, potted bulbs and Aubrieta. Over the coming weeks we expect the range to improve as our supplying nurseries introduce new varieties.

Aubrieta is one of our most popular spring perennials, (a plant which will come back every year). However, the buying season for these can be quite short and this does mean that some customers miss the opportunity to purchase these versatile ground covering plants. We expect the main supply of these to arrive during late February / early March so please do keep an eye on our displays to avoid disappointment.

Spring is also a good time of year to think about a bit of decorating. Our main paint range is from Johnstone's. We carry a range of retail paints and emulsions in the most popular colours. However, if you are unable to find the shade and colour you are looking for we can easily order this for you, mixed in a high quality trade paint base.
