

July 2017

2018

Calendar and Diaries  
now in stock.

“Oh no” I hear you cry.

You will be surprised  
at just how many of  
these are sold during  
the Summer. Just think  
of all of those dental  
and hospital  
appointments which  
are already starting to  
arrive for the new  
year.

Make an appointment  
in this years diary to  
come in and buy next  
years.

## News in Brief

- The Garden Centre is well stocked with seasonal perennials. Still time this summer to create an attractive display.
- A good selection of BBQ Charcoals now in stock.
- Could July be a road works free month in the centre of the village???

## Pest Control

**The warm Summer weather brings its own problems in the form of unwanted insect visitors. We have the solution.**

We have always stocked a good selection of pest control products from a wide range of suppliers but during the past year we have become particularly interested in a range of products from a company called Lodi.

Lodi manufacture pest control solutions for the commercial and professional market and have in recent years introduced retail / consumer products. These are marketed under the names of Raco and Insecto. Raco products are usually suited for vermin control and Insecto really says it all in the name.

We particularly like the product range as they appear to use stronger ingredients which will hopefully solve any infestation problems quickly.

The range includes insect spray, fly papers, wasp control and spider control. Certain products are also helpful in controlling household fleas and mite problems. Desi Dust can also be used directly on poultry to control Red Spider Mite.

A pack of three Ant Stations are priced at just £6.25 and provide an effective way to prevent ant infestations in the home. Simply open the container and place where you see the ants. They take the chemical back to the nest and this helps to destroy it.

The range is more extensive than the space permitted here gives me the chance to describe. However, if you do require some advice on how to control insect infestations at home, then please do come in and speak to a member of staff.

Lots of other products from leading suppliers can also be found in store.

## Yankee Candle — Candle of the Month

**25% Off**

**Free local delivery on orders over £15.00. Subject to availability and weather conditions.**

**£22.99 for 24hr hire.**

## Personal Update

**Thank you to the many customers and friends who have spoken to me about my training to become a vicar.**

I have all but completed my first year of training. Another two years to go. I just find it hard to believe how quickly time has passed. It's been an interesting year balancing work, family and training commitments but with the support of family and colleagues this has been achieved.

During the past year I have had the opportunity to gain insight into the Old and New Testaments, a high level overview of theology, undertaken training on preaching, a detailed overview of worship in

the Church of England and an exploration of church history. The subject matter has been very interesting. Although lectures which finish at 9.30pm can leave you feeling quite tired.

I've also had to grapple with the art of essay writing again. It takes quite a while for me to research a topic and compose the essay. I have managed to keep my head above water with this.

I'm looking forward to a few weeks break over the summer holidays and it all starts again at the end of August.

Andrew

## Customer Loyalty Scheme

**Have you signed up for your customer loyalty card?**

Over 300 customers now have a Brundall Home Hardware Collect and Claim Card. Not bad going as it was only a month ago that we launched this new loyalty scheme.

It's simple to join. Just fill in an application form which can be found in store. You can even keep the pen, (whilst stocks last) and your new card will be issued there and then.

To collect points simply hand your card to staff before you pay, (we cannot add points on later) and you will earn yourself the equivalent of 1% of your spend

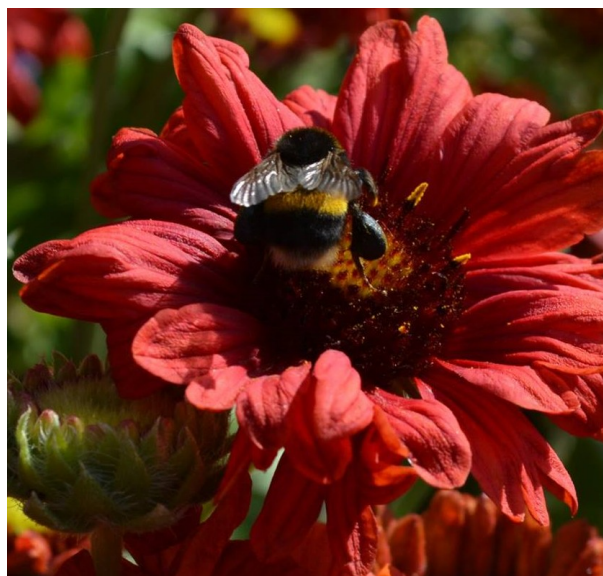

value. Your receipt will contain details of how many points you have collected and the value which you have accumulated to spend in store at a later stage.

You can collect points for any transaction over £5.00 in value.

**Call in and collect your free card today.**

## Even the bees like to visit the Garden Centre at Brundall Home Hardware.

## Till System has now settled down

We have now made good progress in ensuring that our new till system is working correctly. With the help of a friend we have worked our way round the shop checking to ensure that every product is now correctly recorded on the till system. There will always be a few missed products but you should now find that your receipt gives you itemised details of your purchases and the look of confusion on the faces of staff has started to ease. Further improvements to the way prices are displayed on products will commence over the coming months. We are now starting to use the system to help order stock—hopefully no stock shortages in the future.
