

Wild Birds

As the nights draw in and its starts to get colder please don't forget to feed our feathered friends.

We have a wide range of seeds, suet products and feeders to suit every budget.

We now find that Robin and Songbird is our most popular mix and Insect Fat Balls are a local delicacy.

Try our pick and mix suet range!

Follow us on Facebook

Are you one of the many people who follow us on Facebook?

875 customers now regularly following us on facebook. We are very grateful to all our customers who regularly interact with the shop on-line and for your comments and feedback. Don't forget that you can share information we post on facebook by hitting the Like or Share buttons. This can really help us by liking or sharing a post it helps us let more people hear about the special offers and services that we can offer through the shop.

During October we plan to try something new. We have a number of end of line products in the shop which are in perfect condition but perhaps the box may be a little tatty or it's the last one of a particular product.

I plan to take a picture of these items and post them throughout the month on our facebook page. We will be offering them at a special clearance price. As there may only be one or two items for each offer it does pay to respond to these offers asap.

We will try and offer something from as many departments across the store as possible so hopefully there will be an offer to interest everyone.

If you don't subscribe to facebook please do not worry. If you visit our web site, address overleaf, you will see in the bottom right hand corner of the Home Page a copy of our facebook page. You can scroll down and see all of the posts and offers that we are making throughout October.

These offers will be made on a first come first served basis. We are pleased to take telephone orders together with full payment.

Thank you for your continued custom and support of Brundall Home Hardware.

A fresh look to clothing

New products from Dylan

Over the past few years Dylan have been making a number of changes to their product offering. The latest is this rather nifty container of dye which you just place in the washing machine along with your garments. Set the machine to a 40 degree wash and wait for the results.

No salt, no fiddly packets, no mess. Just put into your washing machine and look forward to a newly refreshed garment. I regularly dye my work trousers as frequent washing takes the colour out. Dylan just keeps washed out clothes looking tip top.

My next project is a pair of brand new work trousers which had the misfortune of having a bottle of Milton spilt over them in the stock room.

No problem. Dylan to the rescue.

Christmas Cards—Exciting New Designs

I'm sorry! But the reality is that Christmas is now just around the corner and we are now starting to have a few Christmas lines in store.

Last year we introduced a new range of individual Christmas cards, many addressed to various family relations. These proved extremely popular with many

customers deciding to buy all of their cards with us. We were very grateful. We have decided to once again use the same companies for cards this year as we are excited by some of their new and fresh designs.

In addition we have increased the range of charity cards and in particular a range in support of Help for Heroes. In response to demand we have increased the range of traditional and religious Christmas cards in box sets.

The full range of cards will be on display by the end of October. Many now already available.

Toolbank Christmas Promotion

Every year we have a special Christmas promotion offered in conjunction with our supplier Toolbank.

This year is no exception. We now have a catalogue in store packed full of promotional tools, torches and every day essentials such as batteries. Great savings to be had on brands such as Stanley, Bahco, Irwin and Duracell. The really good news is that you do not have to wait until Christmas to take advantage of these low prices. We have stock in store all ready to go. Please speak to a member of staff or pick up a copy of the brochure today.

We are confident that you will be delighted with the prices on batteries and torches together with a host of other products.

Pet Remedy. A natural way to calm your pet. Ideal for calming them whilst travelling or at time of the year when fireworks and loud noises can cause distress. Now in store. Please ask staff for details.
