Small Businesses - essential for village life

Now celebrating five years of promoting small businesses, Small Business Saturday, is here once again.

OK I suspect that most of us do not readily know that every December there is a special day allocated to promoting and supporting small business. However, the message behind this initiative is essential for the survival of many local companies.

As a small business we rely on the support and encouragement of our customers. Every time you visit our store and support us you are contributing to the life of this village. Our staff all live within a short distance of the shop which means that employment is provided to local people. We try to support local wholesalers. In particular our plant suppliers are all based in Norfolk. This means that a proportion of your spend with us helps support other Norfolk businesses.

Over the past few months access to the village centre has been disrupted by road works and this has an impact on customers visiting the village centre and shopping locally.

However, in the run up to Christmas there are many, many things to celebrate about shopping in the centre of Brundall. Notwithstanding, the services offered at Brundall Home Hardware the village is served

by two excellent supermarkets, a Post Office, beautician, hairdressers, osteopaths, dry cleaners, dentists, chemist, takeaways, restaurants and public houses and many more businesses. Let's celebrate what's on offer in Brundall, not just on small business Saturday but every day.

Here at Brundall Home Hardware we continue to run our Christmas Promotion which offers fantastic prices on a wide range of Christmas essentials and special gifts. Our Christmas range includes lots of seasonal essentials.

So as Christmas approaches and another year passes I would like to extend my personal thanks and gratitude for all the support and encouragement which you give us here are Brundall Home Hardware. **Merry Christmas.**

Training update

As many of you know I am currently undertaking a three year training programme to become a Vicar. I am now nearly half way through my training and the past term has been particularly interesting. I have now had the opportunity to help lead services and have delivered a number of sermons. These are all assessed and form part of my training programme. Somewhat daunting at first but becoming a little easier.

I continue to feel encouraged and supported by the many customers and friends who ask after my training and who hold me and my family in their prayers. Thank you.

As we now progress into the

period of Advent we find ourselves in the whirlwind of Christmas preparations. It is easy for it to become a bit of a blur and thus lose sight of what Christmas is really all about. We look forward to our Gift of Christmas event as a way of celebrating the true message of Christmas, a way of marking the birth of Jesus as a very special gift to all of us.

So as we all continue with our Christmas preparations and wait expectantly for the special day, we wish you all a very peaceful and happy Christmas.

Andrew

Christmas Trees

As usual we are delighted to offer a wide range of Christmas trees from our Norfolk based supplier.

All of our trees, cut and potted, are Nordmann Firs which if cared for correctly will maintain their needles throughout the Christmas season.

This year our potted trees have been grown in their pots. This means that as a real living tree, with care over the Christmas period, your tree can be planted into the garden and should be with you for many years to come. A real seasonal investment.

We have trees ranging in size from 2ft to 7ft so hopefully, there is

something to suit every budget and living space.

We do only purchase a limited number of trees and we do tend to sell these quite quickly. Please do call in to select your tree and to avoid disappointment.

We can arrange free local delivery. This means that we look after your tree until you are ready for it to be decorated. Your tree will be delivered at a mutually convenient time saving you the difficulty of transport.

Christmas wreaths also available at £9.99.

A dusting of snow on the Christmas Trees

Christmas Cards at Brundall Home Hardware

It gives us a bit of a boost when customers make positive comments about the products and services which we offer in store. Recently we have had some very special comments on our range of general and Christmas greetings cards. A number of customer have trawled all around Norwich only to find the right card here in store. We try very hard to offer excellent value and a wide choice. We are delighted to offer over 7,000 different cards.
