

SHOP CLOSURE

On Saturday 29th June 2019 Andrew will be
Ordained as a Deacon in the
Church of England.

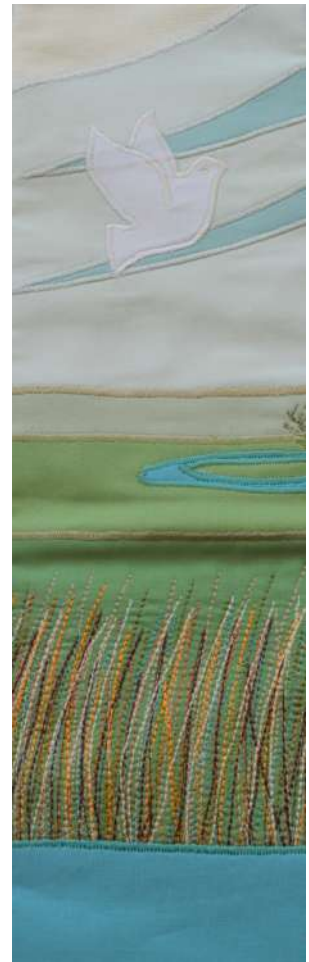

The shop will remain closed on this day.

Many of you will know that I am shortly to become the Rev Andrew Bevan following three years of training to become a vicar. I will be undertaking my duties with the church on a voluntary basis and will continue to own and operate Brundall Home Hardware alongside Alison and with the support of our team of colleagues. The Ordination service will take place in Norwich Cathedral at 10.30am on the 29th June and as a result the shop will be closed to permit my family, colleagues and friends to have the opportunity to join me at this special time. We are clearly very sorry if this temporary closure causes any inconvenience and we will be back open on Monday 1st July 2019.

I have been heartened by the very many words of support and encouragement that I have received from our customers and friends over the past three years. I feel supported and encouraged both in my work at the shop and in the new role that I will be undertaking as a Minister in the church.

I have been delighted to train locally alongside a wonderful group of people who will also be Ordained at the same time as me.

June 2019 Newsletter

I also know that many have held me and my family in their prayers as I have moved towards Ordination day. I am very grateful for this prayer support.

The picture above shows the panels from my Ordination Stole which has been made for me and depicts the scene at St Benet's Abbey. I will be wearing this on the day. The service of Ordination is open for all to attend and you will be most welcome to join us. Please accept my apologies if I do not get the opportunity to speak to you on the day personally.

Andrew...

Cycling to the shops....

We are living in an age when most people are thinking about their impact on the environment. One of the ways to help reduce pollution and to keep the cost of travelling down is to either walk or cycle.

We know that many customers do use a bicycle around the village and that there are very few places to secure this when you visit the shops. We have now installed a cycle stand on our car park area which can be used by anyone visiting the village centre. This is made of high quality materials, filled with stone and soil and then planted, which is a long way of saying that the stand is somewhat heavy and is unlikely to be stolen with your bike attached to it. So please do feel free to use this cycle stand when visiting the centre of Brundall.

Should you need any cycling spares your friendly hardware store keeps a range of the basics, including puncture repair kits, inner tubes, tyres, pumps, lights, locks and a selection of sundry items.

Please feel free to use our new cycle stand.

16th June 2019

Hardware shops make an ideal choice to visit when seeking out the perfect Father 's Day Gift.

We are basically a shop full of items which may provide the perfect gift this Father' s Day. We have a wide selection of tools, DIY items, gardening products and car care solutions. All of which can come in very handy. But we also stock a good selection of cards for the special day, men 's gift ideas and did you know that Yankee Candle also have candles specifically scented for men?

Another gift idea is a National Garden Gift Card. Perfect if your Dad lives some distance way. These are easily posted and can be used in most garden centres up and down the country. We have a number of exciting card designs in store. So which one will you choose?

Care for your roses...

At this time of year we have many customers coming in and asking about various treatments for their roses.

Rose Clear is a product which has been around for many years but like many pesticides the composition of the product has had to change. However, Rose Clear remains a useful tool for protecting your roses against rust and aphid infestations.

To build up the strength of your rose bushes it is advisable to feed them with

a good quality fertiliser. We carry a number of options including Top Rose, a pellet style feed which is slowly absorbed into the soil. We also stock a liquid feed for quicker absorption.

You will also find some rather lovely, patio, standard and climbing roses in the garden centre.

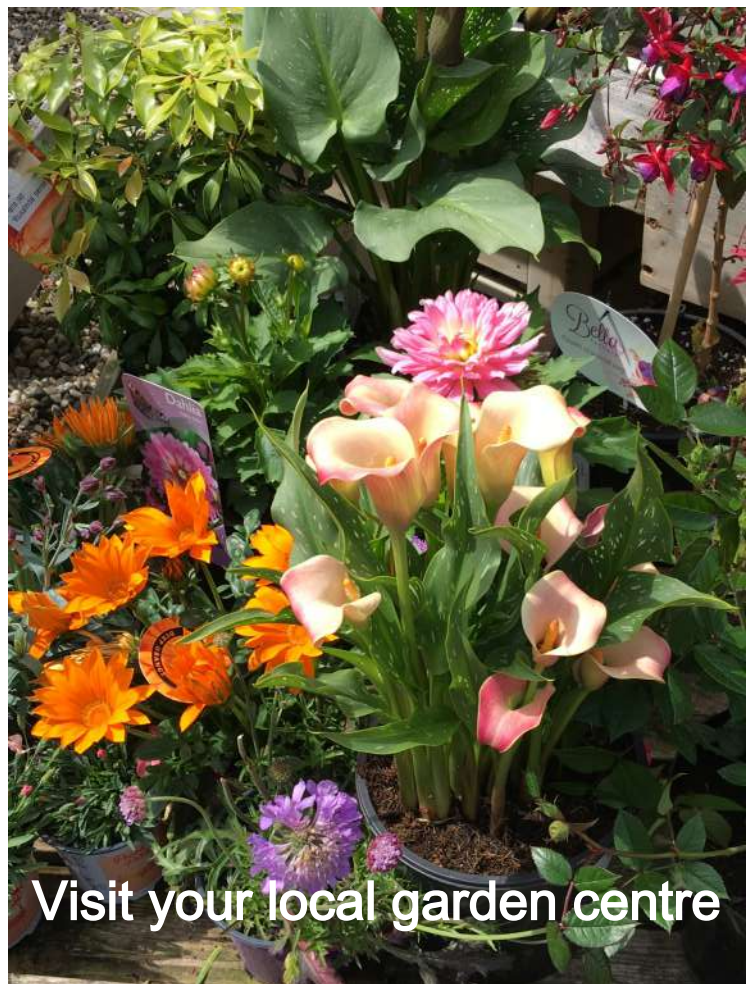

Summer 's
Here

It is the month of June, the month of leaves and roses, when pleasant sights salute the eyes and pleasant scents the noses.

July Newsletter

We have produced a newsletter every month now for over 5 years. We have decided that this July we will not be able to produce a newsletter due to the commitment of Andrew 's Ordination and a subsequent holiday. Please accept our apologies for our decision not to write a newsletter in July and we hope to resume normal operations in August.
