

A special thank you.

Many of you will know that I became the Rev Andrew Bevan at a service of ordination in Norwich Cathedral on the 29th June. I have now commenced a 4 year curacy within the parishes surrounding Stalham church.

The 29th June was a very special day for me and my family. It was the culmination of a week of preparation which included a dress rehearsal and swearing of oaths in the Cathedral on the Tuesday, followed by a retreat for the rest of the week. A large proportion of the retreat was held in silence, which was very thought provoking and provided the perfect preparation for the ordination service.

As you can imagine the ordination day itself was quite emotional as I had felt called to ordained ministry for over 34 years. Now the time had come! As I walked up to the Cathedral to meet my family after three days of retreat I was overwhelmed to hear my name being called from different directions. I was so grateful to see so many people from Brundall and the surrounding villages who had come out to support me and to participate in the ordination service. It was wonderful to feel supported by so many people. I also appreciate the prayers for me and my family during the three years of training. Your presence in the Cathedral made this feeling of support even more real.

So a special thank you to all who have supported me, sent cards or gifts and for all the conversations of encouragement.

Going forward you will continue to see me working in the shop, as this will be my main living. My church commitments will fit alongside day to day work, although, of course as my new role forms part of a life vocation I am always going to have the vicar in me.

Rev Andrew....

Slug Killer Legislation

At the end of June shops were prevented from making sales of traditional slug pellets.

Traditional slug pellets contained a product called metaldehyde, which has been banned and will not be permitted for use outside from early 2020. This means that any gardener who has stock of traditional products will be required to use these before June next year.

The really good news is that the manufacturers of these products have been busy working on alternative environmentally friendly products to help protect our valuable plant and vegetable gardens. At Brundall Home Hardware we now carry a variety of products which you can safely use

in your garden. We would very much appreciate customer feedback on these new products so that we can refine our range and provide the very best value and advice to our customers.

The changes in the law will help to minimise any impact of other species such as hedgehogs, and birds inadvertently being affected by metaldehyde. A step in the right direction to help protect wildlife.

key cutting
while-u-wait

For many years we have offered a professional and competitively priced key cutting service here in the heart of Brundall. We typically charge £4.25 for a cylinder key. The key in the top right hand side is an example.

We now have a special offer available to you. Have three identical cylinder keys cut for just £10.00. This special offer is ideal as many customers request a spare key for a neighbour whilst they are away on holiday or parents start to think about their children needing a key as they return to school.

Yes its only 6 weeks to the start of the new school term!!!

Beautiful Designs

Customer Orders

We have always been very happy to order non-stock items for our customers. We feel that this is an important service and helps us to be a trusted shop within the village. Many customers offer to pay for these goods at the time of ordering and whilst this has been appreciated, it has been our delight to accept these orders in good faith and only to take payment when our customers collect their goods. There has been an increased incidence of goods not being subsequently collected following an order being placed with us. This can become a problem on perishable goods such as pet food, where we are prone to lose money. We hope that in future you will appreciate our need to ask for payment for goods at the time of ordering. This will not affect your statutory rights as we will be pleased to offer a refund or credit note should the goods not be of the standard expected at the time of delivery.

We do hope that you will appreciate our need to make this adjustment to our policy. Assuring you of our best intentions at all times.

Summer Optimism

Hoping for some long warm summer days and the opportunity to eat al fresco. The starting point maybe a BBQ. In store you will find a selection of BBQ fuels, lighter fluids and disposable BBQ 's.

Looking for somewhere to sit and enjoy the long summer evenings. Ask for a free copy of our summer furniture brochure.
