A Merry Christmas and a Happy New Year

If it snows we have all your winter essentials.

**Rock Salt 25kg £11.99.
Sledges £14.99**

We've all had another very challenging year and as it draws to a close we have the joy of a more relaxed Christmas, and hopefully the chance to be with family, friends and those who are important to us.

At Brundall Home Hardware we are very grateful for the support and friendship that we have received during the year from all of our customers. 2021 has continued to be a difficult year and it is the support from our customers which helps us to keep trying to improve our store and the service that we offer.

We all look forward to a better 2022 but before then we have the opportunity to enjoy Christmas and all the hope that Christmas brings.

So from all the staff at Brundall Home Hardware we wish you a merry Christmas and a happy, healthy and prosperous New Year.

Christmas Trees

**James unpacking
Trees.**

We know how frustrating it is when all the needles have dropped off your Christmas tree before the big day. The cat has needles stuck in its paws and you are vacuuming up pine needles for months to come. We only stock trees that with the correct care and attention should give you that fresh Christmas tree look right

into the new year. As some of our trees are container grown here in East Anglia you have every chance of planting your tree in the garden to enjoy it for many years to come.

Reserve your tree and we will deliver it to your home free of charge.

**Now stocking Woodwick
Candles.**

Wrendale Products

Have you noticed that we are great fans of the Wrendale product range. This company has captured the hearts of many people in the country as the designs of Hanna Dale have been transformed into a wide range of giftware and household goods. This year witnessed the launch of the cuddly toy range called Wrendale Plush.

Our shelves have lots of

Wrendale gifts from note books, pens, make up bags, handbags, scarfs, china, dog beds, plus a whole host of other items to tempt you.

Many customer collect the products and they make an ideal Christmas gift as they have a reputation of quality.

Our china mugs, produced by Royal Worcester come in a presentation box.

Do come in and have a smell

of the Wrendale Soap range. This is a very fragrant and long lasting soap which will add a beautiful fragrance to your bathroom and leave you smelling wonderful too.

Wrendale socks make a perfect stocking filler and come in their own free of charge Wrendale gift bag.

Oh. And don't forget the Wrendale note cards to say all those special Christmas thank you's.

“Many customers tell us that they have found the best selection of cards right in the heart of Brundall”

We have always received positive comments concerning our card ranges. This year we introduced a new general range of cards from Noel Tatt. These have been particularly well received so it did not take much thinking about when we started to consider the Christmas card range. This turned out to be a good decision based on customer

feedback. Many of the box sets from Noel Tatt are charity cards which really appeal to our customers. We also have a rather special pop-up card which can double as a Christmas decoration.

We have introduced some new designs of Town Cards. These Christmas cards come with a special greeting

from Brundall. Perfect for sending to friends and family!

So this year support your local store and buy your quality Christmas cards in your village shop. Many customers tell us that they have been all over the city for cards and still found the best selection in Brundall.

You can search for our products on-line.

Search our products on-line

We have over 10,500 individual product lines in store and most of these are now searchable on-line.

Simply find our shop details on Google or visit our web site. Here you will find a search bar and from here you can find details about our many, many products.

This search facility is

powered by a piece of software which links to our till systems and feeds data into Google. When you search for items on-line and you live within a couple of miles from the shop you could well be shown our store as having the item you are looking for. It will tell you our price, give you a brief description and if we have

stock available. You can even send us a message to reserve the product. All you need to do is call into the shop and collect your goods. We have been impressed by how many times searches have shown us to be cheaper than some of the big on-line stores. Do shop with us in-store, on your computer or on your phone.

Frenchic Paint

We're excited to have been accepted as a stockist of Frenchic Paint.

This is a paint company who have gained a huge following amongst those customers who are keen on recycling goods and upcycling furniture. It's perfect for renovating kitchen doors, bathroom tiles, floors, in fact just about anything you can think of. Some users have even given a fresh new look to a tired old pair of boots!

Frenchic have a fantastic on-line community where you can share ideas, ask questions and get updates on other customer projects.

We will have our stock for the beginning of December and hope that this new addition to our product portfolio will be welcomed.

There are some product ranges that we have that are just perfect for us to recommend to help solve customer DIY problems. The

Gorilla range of products is often recommended by our staff. We are hopeful that Frenchic Paint will be another range that we can recommend without hesitation.

If you have used Frenchic Paint before please do give us some feedback on your experience. We plan to renovate a piece of furniture and put this on display in the shop as a working example of this new paint range.

Were excited to introduce this new range of paint to Brundall Home Hardware.

Carpet Cleaning

The run up to Christmas is a perfect time of year to hire our Rug Doctor carpet cleaning system.

With friends and family visiting for Christmas it is always a good idea to freshen the home up a little.

I recently spent an evening cleaning the carpet in our lounge. I was pleased with the result. However, the

following day I accidentally locked our cat in the lounge overnight. He was a little disgruntled and so was I at the need to bring home the Rug Doctor the following evening.

All I can say is that the Rug Doctor turned a potential disaster into a nice fresh smelling clean carpet again.

Hire from just £24.99.

“After a potential disaster we had a nice fresh smelling clean carpet again”

Pest Control

This year seems to have been a particularly bad time for unwanted guests. Over the past few weeks we have had many customers who have been faced with the need to control pests. We stock a range of pest control products that are very effective and can help prevent damage both inside and out of the home. This

range is produced by a company called Lodi and their main business is producing products for the commercial pest control sector. Their retail products remain effective. When using poisons it is essential that you use baiting boxes to prevent the bait being accessed by other wild and domestic animals. Lodi also

produce a range of humane traps which are favoured by some customers. Why not take a look at the sonic rodent deterrents that help to stop rodents from entering your property in the first instance?

If you need guidance in your selection please speak to a member of staff.

Racan Rat and Mouse Paste bait. Available in store for £9.99.

Brundall Home Hardware

Your local friendly village store

Brundall Home Hardware
Link Ave
Brundall

FREE LOCAL DELIVERY

Environmentally Friendly Christmas

Wishing you all a Blessed and Happy Christmas.

The need to be more environmentally friendly has been very much in the news these past few years. No more so that in the last few months with the COP26 meeting in Scotland.

In store we continually look out for new products which can help us become more environmentally friendly.

Have you seen our range of recycled and recyclable Christmas wrapping papers and gift bags? You may

also wish to look out for our environmentally friendly gift tags and Sellotape!

Thinking more towards environmental gifts. Perhaps consider a Wrendale Tote bag. They look fantastic and save on plastic.

Will you have the fun of washing up at Christmas. Don't forget that we can refill your Ecover product bottles. Washing-up liquid is the most popular refill. We also have environmentally friendly washing up gloves and dish brushes.

By Shopping local you can also save on your environmental impact. With Brundall well served with great shops there may not

be a need to travel too far for your Christmas shopping. A quick trip into the village centre and you will find Brundall Home Hardware packed with gift ideas and Christmas essentials. No need to drive into Norwich or to wait in for deliveries to arrive at your home.

If you enjoy browsing on-line you can search our product range via our facebook page or the search bar on our web-site. If you see something you like, simply phone us up, speak to a friendly member of staff who will take your order and arrange free local delivery. We look forward to further extending our range and service in 2022.
